

LATE CANCELLATIONS

When you don't provide notice of your cancellation, it deprives someone else of a much-needed opportunity to receive therapy.

Cancellation fees are enforced as a reminder that appointments are scarce and someone else would appreciate your session if you can't attend.

To avoid cancellation fees, simply provide the required notice or convert your session to Telehealth.

We're here to provide therapy, not charge late cancellation fees.

Help us to do that.
